Timer Themes Secrets Tips

HOME PAGE

Your daily command center — motivation, tasks & stats at a glance

Motivation Card + Daily Quote

Every page open shows a fresh motivational quote. Tap the quote to cycle through new ones instantly. The "Rise & Grind" heading glows when touched.

Focus Music Toggle SECRET

Toggle the switch to play ambient lofi / study music. A mini YouTube player appears with track info, play/pause, prev/next, and a seek bar.

- 1 Flip the **Focus Music** toggle on the Home card
- 2 Mini YouTube bar slides in with controls
- 3 Tap track title to open full YouTube player overlay

⚠️**Secret:** Long-press the **Focus Music container area** for a **surprise custom playlist experience**.

Live Stats — Streak & Protocols Done

Two stat cards track your **Day Streak** and **Protocols Done**. These auto-update each time you complete a task set.

Syllabus Matrix Progress Bar

A progress bar that tracks completion across all your tasks. Shows a percentage and fills in real-time as you tick off items.

Today's Protocol — Task List

Your active task list from AI-generated or manually created protocols. Tap to complete, long-press to edit or delete. Completed tasks show with a strikethrough.

○ Tap Mark complete

○ Long-press Edit / Delete

PLAN PAGE

AI task generator, scratchpad, matrix & vault

AI Protocol Generator AI

Enter your study subject and available hours — AI builds a structured, time-blocked task list for your day and adds it directly to your Home protocol.

- 1 Enter subject (e.g. "Physics Chapter 5")
- 2 Enter available hours (e.g. 3)
- 3 Tap **Generate Protocol** — AI creates your plan
- 4 Tasks appear live on the Home page

Daily Scratchpad

A quick manual to-do list. Type a task, press Enter. Long-press any item to edit or delete. All scratchpad tasks are saved automatically.

Eisenhower Task Matrix

Visualises all your tasks across the 4-quadrant priority matrix: Urgent/Important, Not Urgent/Important, Urgent/Not Important, and Not Urgent/Not Important.

○ The matrix auto-populates from your protocol tasks. No manual placement needed.

Study Vault FEATURE

A secure file database to store notes, PDFs, images and study materials. Files are organised into categories and can be previewed in-app.

- 1 Tap **+ Add to Vault** to upload any file
- 2 Assign a category tag (Notes, PDF, Image, etc.)
- 3 Tap any vault item to preview it in a full-screen modal

AI HELP PAGE

4 powerful AI tools: Tutor, Dictionary, PDF Summariser, Quiz

AI Tutor Chat AI

A full chat interface powered by Gemini AI. Ask any study question, upload an image of a problem, or use your voice to dictate questions.

🎤 Mic icon Voice input

🖼️ Image icon Upload photo

⬅️ Enter Send message

⌚ This is the only page where text can be selected and copied — so you can copy AI responses.

AI Dictionary AI

Search any English word for definitions, synonyms, and examples. Switch between **EN→EN** (English) and **EN→HI** (Hindi translation) modes.

PDF Summariser AI

Upload any PDF document (up to 10 pages). AI reads and summarises the key points into concise bullet notes for fast revision.

- 1 Tap the **PDF** tab in AI Help
- 2 Tap the upload zone to choose your PDF
- 3 AI extracts text and generates a smart summary

Interactive Quiz Generator AI

Enter any topic or chapter name and choose how many questions. AI creates a multiple-choice quiz with instant answer reveal and score tracking.

- 1 Tap the **Quiz** tab
- 2 Enter a topic and set number of questions
- 3 Tap **Generate** — answer the interactive MCQs

WASTED PAGE

Analytics dashboard — track focus vs wasted time

Task Completion Rate Bar

A progress bar at the top showing what percentage of today's tasks you've completed. Updates live as you complete tasks on the Home page.

⚠️**Reset Secret:** Long-press this card (3 seconds) to trigger a full app data reset.

Analytics Dashboard

Two stat cards show your total **Focused Time** (from completed timer sessions) and **Wasted Time** (manually logged).

Graph Popup — Visual Breakdown NEW

Press the **GRAPH** button next to the Analytics heading to open an animated bar chart comparing Focus Time vs Wasted Time.

- 1 Tap **GRAPH** button on the right of "Analytics Dashboard"
- 2 Animated bar chart pops up — bars grow to scale
- 3 Hover over bars to see exact time values
- 4 Focus ratio bar shows your productivity score with motivational message

Log Wasted Time Button

Tapping **+ Log 15m Wasted Time** adds 15 minutes to your wasted time counter — for honest self-accountability when you get distracted.

Interface Personalization / Theme Switcher

The **Aesthetic** button cycles through 4 visual themes. Your choice is saved and persists on reload.

FOCUS TIMER

Classic, Flip Clock & Live Clock — all with fullscreen

Opening the Timer

Tap the circular timer button in the bottom navigation bar (center). A slide-up modal appears with all timer controls.

Classic Countdown Timer

A circular countdown display. Default is 25 minutes (Pomodoro style). Tap the time display to edit the duration. Includes Play, Pause, and Reset buttons.

- 1 Tap the time number to open the edit dialog
- 2 Enter minutes and press Enter or Save
- 3 Press Play — a tick sound plays on completion
- 4 Focus earned is added to Analytics automatically

Flip Clock Timer NEW

A stylish single-card flip clock countdown. Each digit is an individual card that flips with a smooth 3D Y-axis animation when the number changes.

- 1 Tap **Flip Timer** button in the timer view
- 2 Countdown shows as animated flip cards
- 3 Tap **Tap to edit time** to change duration
- 4 Tap **FULLSCREEN** for an immersive full-screen experience

Live Flip Clock NEW

A real-time clock with animated flip cards showing current Hours, Minutes, Seconds, Date, Day, and AM/PM — all flip live as time changes.

- 1 Tap **Live Clock** button in the timer view
- 2 Two panels show: Hours+Date+AM/PM and Minutes+Day+Seconds
- 3 Tap **FULLSCREEN** — goes full black-screen with giant digits
- 4 Press Escape or the red × to exit fullscreen

THEMES

4 visual styles — switch from the Wasted page

Dark Blue

Default deep space theme with blue neon accents. Best for night study sessions.

Cyber Pink

Dark background with hot-pink neon. Edgy and bold aesthetic.

Light Mode

Clean white interface with blue accents. Ideal for daytime use.

Pastel Pink

Pinterest-style soft pink. **Elegant and feminine** aesthetic.

- 1 Go to **Wasted** page → tap **Aesthetic: [THEME]** button to cycle through all 4 themes. Your choice is saved automatically.

SECRET FEATURES

Hidden interactions built into the app — explore them all

Secret #1 — Rise & Grind Audio

Long-press the **"Rise & Grind."** title on the Home page for 1.5 seconds. A secret motivational audio track plays. Try it when you need a boost.

Secret #2 — Focus Music Playlist

Long-press the **Focus Music toggle area** to access a hidden full YouTube-style overlay with a curated playlist. Different from the standard toggle.

Secret #3 — Developer Name Decrypt

In the **Wasted** page About section, long-press the developer name **"Saurav Anand"** to trigger a special decryption animation and a surprise audio.

Secret #4 — Full App Reset

Long-press the **Task Completion Rate card** at the top of the Wasted page for 3 seconds. This resets ALL app data including tasks, streak, and time stats.

⚠️ This action cannot be undone. A confirmation prompt appears before data is wiped.

Secret #5 & #6 — ??? & ???

Explore two more secrets by yourself 😊🔮

⌚ They're hidden somewhere in the app. Keep tapping, long-pressing, and exploring...

PRO TIPS

Get the most out of every feature

✓ **Pomodoro routine:** Use 25-min Flip Timer sessions with Focus Music for maximum concentration blocks.

✓ **Daily routine:** Open Plan → Generate Protocol → Work through Home tasks → Check Wasted page for accountability.

✓ **Exam prep:** Upload your PDF notes to AI → PDF tab for a quick summary, then use Quiz to test yourself.

✓ **Honesty logging:** Tap "+ Log 15m Wasted" every time you pick up your phone unnecessarily — the Graph will show your real habits.

✓ **Night desk setup:** Switch to Dark Blue theme + Live Clock Fullscreen for a stylish ambient display while studying.

✓ **Vault habit:** Upload all subject PDFs to Vault at the start of term — no more hunting for files mid-session.
